

Codalab Competition

Chen YK, Liu TJ

2023/05/18

Introduction

- Our two final project challenges are hold on CodaLab competition server.

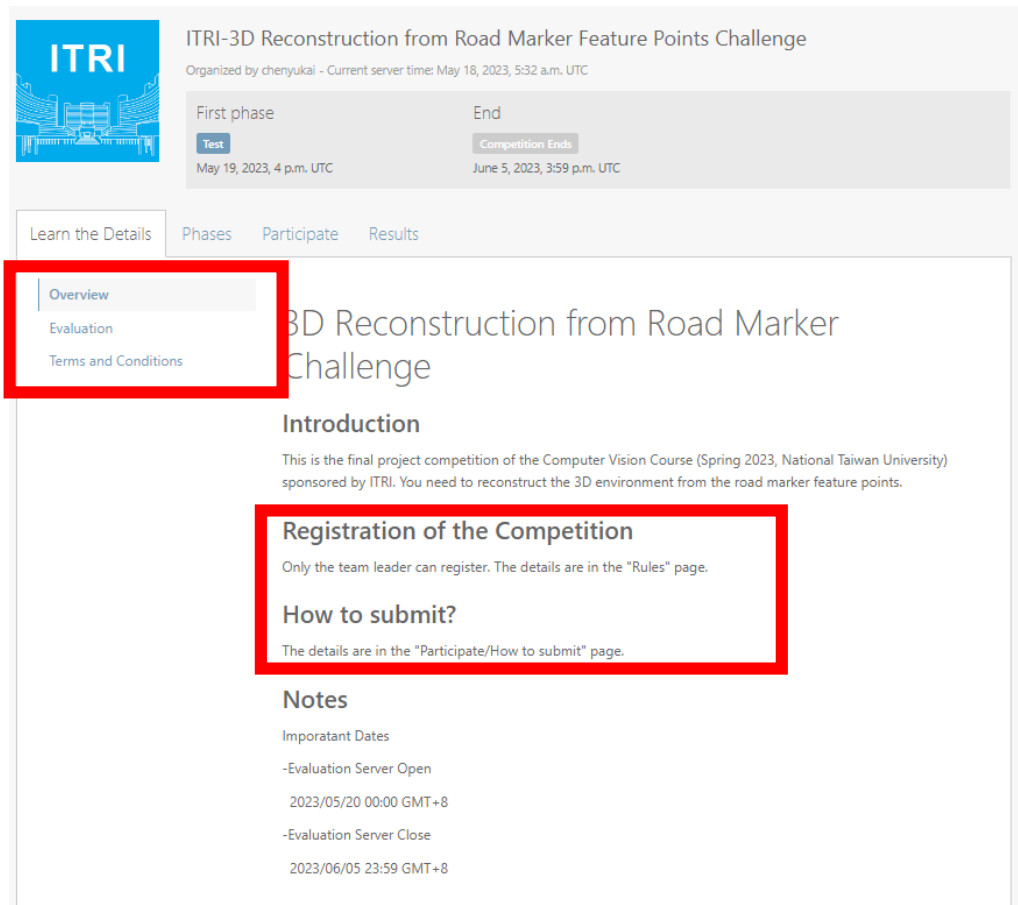

The screenshot shows the CodaLab website interface. At the top, the CodaLab logo is on the left, and navigation links for 'My Competitions', 'Help', and a user profile 'chenyukai' are on the right. Below the header is a blue banner with the text 'Competitions (My CodaLab)'. Underneath the banner is a tabbed interface with four tabs: 'Competitions' (selected), 'Competitions I'm In', 'Competitions I'm Running', and 'My Datasets'. The main content area displays four competition cards. Each card includes a thumbnail image, the competition title, organizer, description, dates, and the number of participants.

Competition Title	Organizer	Description	Dates	Participants
ADRENALIN 2023: Building Energy Load Disaggregation Challenge	Organized by bat	Danish residential electricity load forecasting.	Sep 01, 2023-Dec 31, 2023	2 participants
Combined training on large-scale data for sign language recognition	Organized by htdong	The lack of large-scale data severely hinders the progress of sign language recognition (SLR), as manually collecting and labeling sign ...	Jul 07, 2023-Jul 15, 2023	42 participants
Speaker Attribution 2023 Competition	Organized by SpkAtt2023	Shared Task on Speaker Attribution (SpkAtt-2023)	Jul 01, 2023-Dec 31, 2023	30 participants
L2RPN Delft 2023	Organized by alirajaei95	[Only in the Netherlands] Train an AI agent to operate a power grid with a lot of renewable energies and ...	Jun 07, 2023-Oct 30, 2023	13 participants USD \$3,000 reward

3D Reconstruction from Road Marker Challenge

Introduction

This is the final project competition of the Computer Vision Course (Spring 2023, National Taiwan University) sponsored by ITRI. You need to reconstruct the 3D environment from the road marker feature points.

Registration of the Competition

Only the team leader can register. The details are in the "Rules" page.

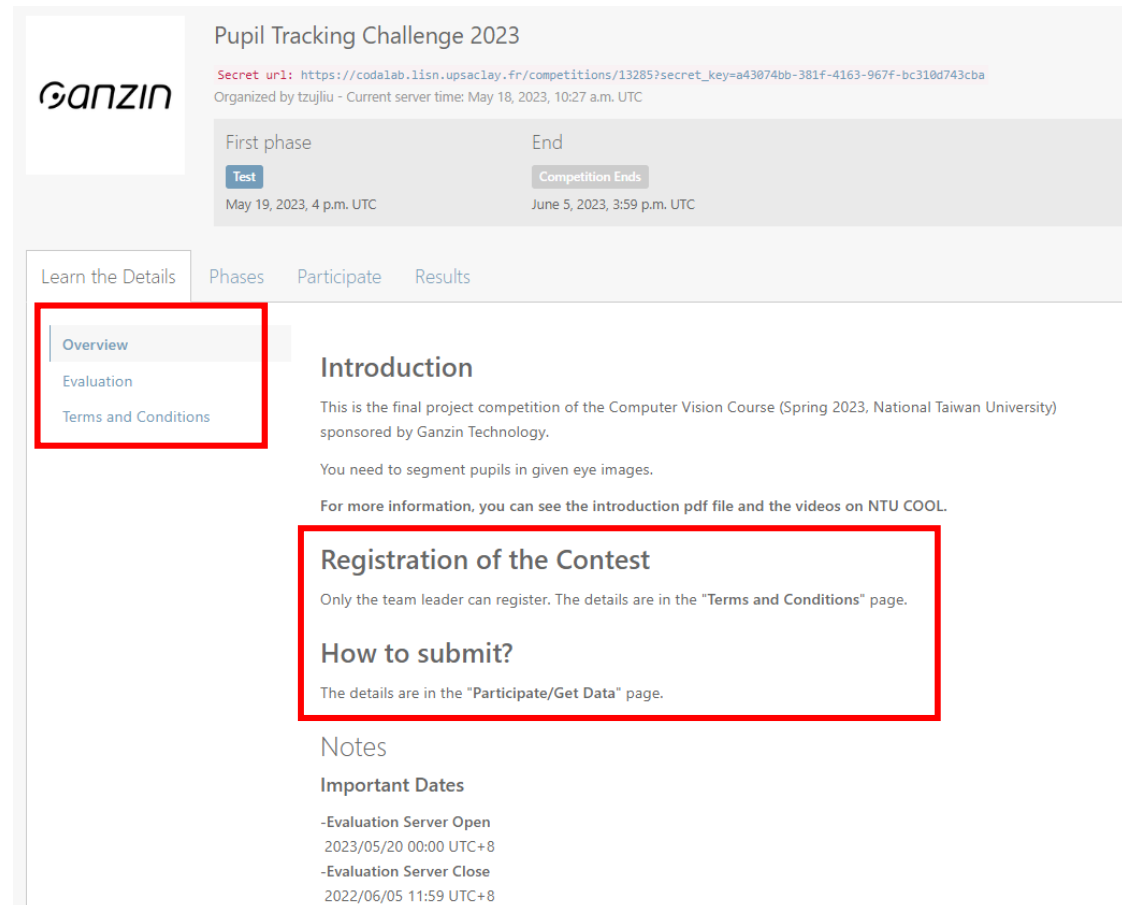

How to submit?

The details are in the "Participate/How to submit" page.

Introduction

This is the final project competition of the Computer Vision Course (Spring 2023, National Taiwan University) sponsored by Ganzin Technology.

You need to segment pupils in given eye images.

For more information, you can see the introduction pdf file and the videos on NTU COOL.

Registration of the Contest

Only the team leader can register. The details are in the "Terms and Conditions" page.

How to submit?

The details are in the "Participate/Get Data" page.

ITRI-3D Reconstruction from Road Marker Feature Points Challenge

Organized by chen yukai - Current server time: May 18, 2023, 5:32 a.m. UTC

First phase	End
Test May 19, 2023, 4 p.m. UTC	Competition Ends June 5, 2023, 3:59 p.m. UTC

Pupil Tracking Challenge 2023

Secret url: https://codalab.lisn.upsaclay.fr/competitions/13285?secret_key=a43074bb-381f-4163-967f-l
Organized by tzujliu - Current server time: May 18, 2023, 10:27 a.m. UTC

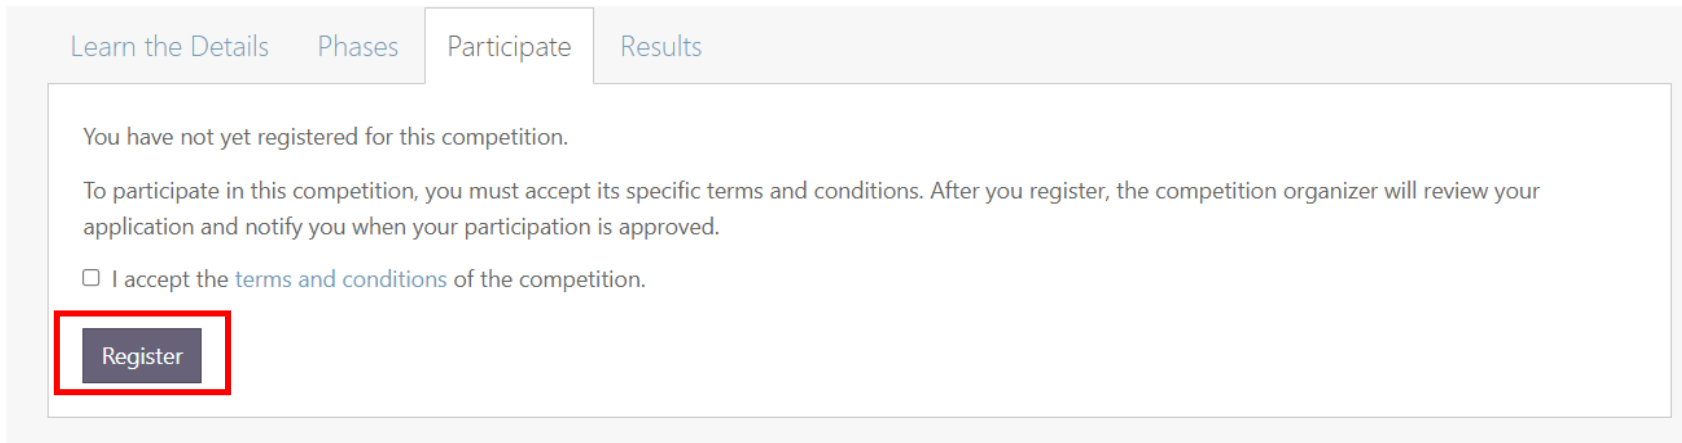

First phase	End
Test May 19, 2023, 4 p.m. UTC	Competition Ends June 5, 2023, 3:59 p.m. UTC

Only the team leader can register

- The registration needs our approval.
- The teams leaders can register now!!! (Although you can only submit the results after 5/20 00:00)

You register \longleftrightarrow Our Approval

Time delay

Learn the Details Phases **Participate** Results

You have not yet registered for this competition.

To participate in this competition, you must accept its specific terms and conditions. After you register, the competition organizer will review your application and notify you when your participation is approved.

☐ I accept the [terms and conditions](#) of the competition.

Register

Team Name

Rules

*See “Rules” for more details (Project page → Terms and Conditions)

Registration (Participate page)

Only the team leader needs to register with a codalab account. The e-mail of that account should be the NTU or NTUST email.

After login, in the setting page of the account (Fig 1), you should enter your team name (Fig 2).

(Fig1)

Competition settings

(Fig2)

Although this Codalab competition can combine users into team, it cannot share the total number of submissions.

Thus, one team can only have one account for this competition.

You need to wait for the organizer to approve your registration that you can start to submit your solution.

- The registration status will be shown on this form, and we kindly request all team leaders to **register** their accounts **as soon as possible**.
